City of Monticello Street Department
Frank Arthur, Superintendent

May 29, 2026

The Monticello Street Department announces the closing of Marion Street between North Illinois Street and North Bluff Street on Tuesday, June 2, 2026, beginning at 12:00 pm. This is so the Monticello Fire Department can set up their trucks and flag across North Main Street for the Wall That Heals procession that will be coming through Monticello. This will be a short-term closure for this very important event.

Frank Arthur, Superintendent

Monticello Street Department
